TULANE UNIVERSITY COMMUNITY SERVICE SCHOLARSHIP

The Tulane University Community Service Scholarship rewards students who have dedicated exceptional time and effort serving their community and who plan to continue this dedication as a member of the Tulane and New Orleans communities.

Tulane will award a limited number of scholarships valued between \$5,000 and \$15,000. The scholarships are renewable for four years (or five for Architecture students), provided that recipients maintain a 2.7 cumulative Tulane GPA (for partial scholarships), along with continuous, full-time enrollment. Community Service scholarship recipients will have to fulfill public service requirements each year for the scholarship to continue. These requirements are set by the Center for Public Service (CPS). More information on the CPS can be found online at cps.tulane.edu (<https://cps.tulane.edu/>).
